What Needs to Be Tested?

Rules for testing are developed by Montana’s Department of Revenue and can change at any time.

Although rules may allow batching multiple samples for some contaminant tests, Stillwater tests all samples as single strains for best quality, maximum flexibility, and highest integrity.

See the Stillwater Labs’ publication *Montana Marijuana Program Product Testing Requirements* for current testing needs, summarized below:

HB701 Biomass Panel

includes: Cured Flower, Bud, Shake, Trim, Pre-roll [no extracts], Preroll, Blunt, Spliff.

- *maximum size lot:* up to 5lb flower of the same strain.
- *minimum sample size:* 0.5% of total harvest (see sampling table)
- *testing required for 37.107.316(12)(a)(i-vii):* filth & foreign matter, potency, moisture, terpenes (recommended), pesticides, mycotoxins, and PCR microbial.

HB701 Concentrate Panel

includes: Kief, Hash, Bubble Hash, Finger Hash, Shatter, Wax, Crumble, Honeycomb, Rosin, Distillate, RSO, Honey, BHO, Sugar, Hash Oil, Isolate, Live Resin, Butter, Terp Sauce, Moon Rock, Blastoff Joint, Cartridges w/o Added Terps/Ingredient.

- *minimum sample size:* 0.5% of total batch (see sampling table)
- *testing required for 37.107.316(12)(c)(i-vi):* potency, moisture, residual solvents, terpenes(recommended), pesticides, mycotoxins, and microbial.

HB701 Infused Products Panel

includes: Edible: Candy, Gummy, Baked Goods, Gum, Infused Sugar, Infused Honey, Tea, Coffee, Infused beverage, Capsule, Pill, Tincture, Infused Oil, Non-Edible: Topicals, Infused PPG, Infused Glycerin, Ointments, Spray, Suppository, Bath Salts

- *maximum size lot:* 5000 units of sale
- *testing required for 37.107.316(12)(e)(i-ii):* source (biomass or concentrate) must have passed 37.107.316(12)(c)(i, iv-vi);, plus potency and microbial

HB701 Vape Panel*

includes: Cartridges with added terpenes / ingredients.

- if no changes to tested concentrate (no added terpenes, oils, etc.) then no testing is required
- *minimum sample size:* 3 units of sale
- *testing required for 37.107.316(12)(c)(i-vi):* potency, terpenes (recommended), and microbial.
