

Accessing Your Data M-008

Stillwater Laboratories Inc.
www.stwllabs.com
(406) 881-2019

SWLIMS Client Portal

SLI is proud to introduce SWLIMS, our proprietary in-house information management system. SWLIMS is available through a web interface -- no special applications are required.

SWLIMS has been designed for both desktop and smart phone access.

The program allows you to:

- Add access to your data – you control the information flow
- Check status of orders
- Observe and download results
- Create custom labels
- Publish data for your customers
- Extract raw data for your own analysis
- Check billing and payment status
- Pay invoices by credit card
- Preorder tests

SWLIMS is compatible with all standard screens, from mobile to full desktop.

Security

Your data is only available to accounts affiliated with your company.. Our test data management panel allows you to control access of others in your company to your valuable information.

Accounts are easy to set up and easy to deactivate if you no longer want or need to grant that access.

Open Stillwater Testing Account

Give us a call at 406-291-7690 to arrange your first pickup!

Request Access

Once we have completed your first order (or if you ready have a Stillwater account), call us or send a request for access to info@stwllabs.com.

Receive E-mail invitation

Reply to the time-limited invitation to create your credentials. This will give you admin-level access.
